# VAN SCHAICK OUT OF SCHOOL BOARD

Believes Withdrawal Will Aid Unity and "Great Forward Movement."

Dr. John Van Schaick, Jr., has resigned from the board of education after four years of service. The letter in which Dr. Van Schaick tendered his resignation, dated July 1, was forwarded yesterday to the justices of the District Supreme Court.

Dr. Van Schaick explained today that he deferred sending in his resignation pending the return to Washington of Dr. Abram Simon, who was elected president of the school board last Thursday. He pointed out that he was anxious to ascertain whether Dr. Simon would accept the presidency of the board before he resigned, so that he would not cripple the board in the summer while many of the members are out of the city.

Dr. Simon, although expected to accept the presidency of the board, has not definitely decided to take the post. He expresses some doubt as to whether he can devote sufficient time to the office.

"I will give the matter very careful consideration," Dr. Simon said today. "I must find out exactly how much time I will be able to give to the office. Dr. Simon probably will announce his decision tomorrow."

The letter carrying the resignation of Dr. Van Schaick, addressed to the justices of the District Supreme Court, read: "I hereby resign as a member of the board of education of the District of Columbia to take effect upon the appointment of my successor."

"I and your associates appointed me to the board in 1916 and reappointed me in 1919. My service has been interrupted by the great war and I have been away in all two years. I have, therefore, been unable to do all that I desired to do for the schools."

"I have, however, stayed long enough to see something of the strength and beauty of the service of the great body of those working in the school community, both white and colored. I want to thank you and your associates for this opportunity."

"I resign because I am convinced that I can render more service in this way. The great forward movement has begun. Our citizens are getting back of the new superintendent."

"After the divisions of the past, it will be easier for me to cooperate if I am no longer in a position of leadership."

Dr. Van Schaick's resignation from the board strengthens the belief that he will soon be given a recess appointment as District Commissioner. Reports are still current in official circles that President Wilson will appoint him this week. Dr. Van Schaick, however, steadily declines to discuss the reports of his appointment as Commissioner, saying that he has been an official of the board and appointed it is believed Dr. Van Schaick will accept.

## CHURCH SPEAKS PRAISE OF DR. VAN SCHAICK

The Church of Our Father has adopted the following resolution as a tribute to Dr. John Van Schaick upon his resignation from the board of education:

"With the voluntary retirement of Dr. John Van Schaick, Jr., from the position of president of the school board of the District of Columbia, the member of the Church of Our Father extend to him their sincere and heartfelt thanks for his years of faithful, disinterested and intelligent service for the cause of public education in this community. With only one ambition, that of raising the standard and increasing the usefulness of the public schools and making them the best in the nation, he has worked to secure the realization of that ambition. In that work he has at times met with unjust criticism and bitter opposition. With an abiding faith in the final victory of every good cause, he has met aspersion of character and misstatement of motives as he met and overcame the greater difficulties of successfully ministering to the war-stricken of Europe. His work in Belgium, France and in Washington has been truly a work of faith, a faith in an overruling justice and right and a faith in the people whom he loved and for whom he bore burdens as a good soldier. In Washington, as in Europe, he strove for victory, with malice toward none, but with charity and good will for all. He ever bore himself as an honorable Christian gentleman, such as we have for twenty years known him to be and welcomed to our homes and hearts."

"For thus keeping himself unspotted from the world, we thank and honor him even more than we thank and honor him for what he achieved for humanity in Europe and for our schools in Washington. Thus thanking and honoring him in this spirit, we pledge ourselves as individuals and as a church to work in all practical ways to uphold and maintain our Washington schools in the highest state of efficiency."
